series

GC series

Air treatment air conditioners for large flow rates GC series

Air conditioners for large flow rates and high energy efficiency, suitable for all types of air-conditioning installations in industrial processes. Designed to meet the most demanding requirements in terms of low energy consumption and high efficiency performance. The construction flexibility through modules allows the unit to be optimised in order to adapt it to any HVAC project need, thus simplifying its installation.

The quality of DECACLIMA's GC units is guaranteed by the **Eurovent certification**

Main characteristics

- Flow rates from 1,000 m³/h to 80,000 m³/h
- EC Plug Fan fans
- Hygienic construction in accordance with EN 13053
- High-quality components
- Wide variety of functions and options
- Extruded aluminium profile with thermal bridge break
- Rubber seal for air-tightness with the panels
- 50 mm thick sandwich-type panels, with a lacquered outer panel
- High-quality doors with locks for inspection and cleaning
- Support frames adapted to the needs of the installation

Standard finishes

- Galvanised steel interior
- Lacquered sheet exterior
- Modular aluminium structure

Options

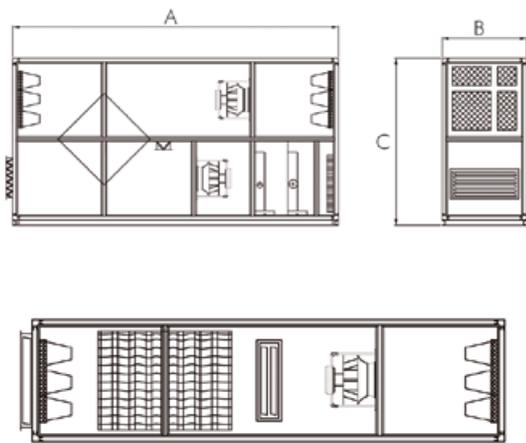

- Lacquered or stainless steel interior finish
- Acoustic panels
- Rock wool panel
- Option of installing inspection windows and interior light
- Plug&Play built-in control
- AISI 304 stainless steel condensate tray
- Option of dividing the coil into modules
- Option of heat recovery coils

This series provides flexible solutions that can be adapted to the needs of the project and configured with heat recovery units (rotary, static, run-around), filtration stages with the efficiency required by the project or humidification systems (cellular panel, steam, atomisation). They can be equipped with communication protocols for an integrated control system such as ModBus, BACnet, KNX, LonWorks and others.

Technical characteristics

Model	Nominal flow rate m ³ /h	Model	Nominal flow rate m ³ /h	Model	Nominal flow rate m ³ /h
GC 1.5	1500	GC 10.5	10500	GC 30.0	30000
